

State Normal School for Women

HARRISONBURG, VIRGINIA

OFFICE OF THE PRESIDENT

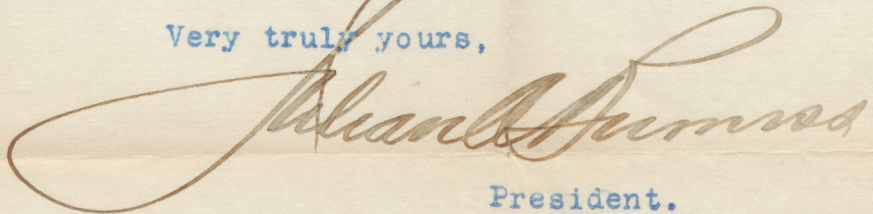

April 12, 1918.

Hon. John W. Price,
Bristol, Va.

Dear Judge Price:

Knowledge has just come to me that you have made certain business arrangements which may necessitate your being in Washington a good deal, and I am fearful that this may incline you to again seek relief from the Normal School Board. I very much hope that you will not let this interfere with your membership on the Board, for as I have stated on many occasions, I consider you to be undoubtedly the most important and valuable member of our Board and your loss would be very deeply felt by us all, particularly by the Presidents of the institutions, who have a deep appreciation of your valuable services.

Very truly yours,

President.

JAB/M.

Apr 12/18

Dear Doctor -

I forwarded to Auditor your requisition
I am sure I mailed him the other
one and that it was lost in his
office - I always mail immediately
upon receipt - I thank you for the
kind expressions as expressed above
I will divide my time between the
Washington and Bristol offices, I
shall remain on the Board for this
year at all events. Sincerely yours
Edward Furness
