

SOME SPECIAL FEATURES OF THIS SCHOOL

1. It is at present one of two State Normal Schools for white women. The State, recognizing its duty to its public schools and to its worthy young women, has established this institution as a training school for teachers.

2. The school is open practically the *entire year*. Any three quarters of work will constitute a full year for credit, whether they are consecutive or not.

3. Students will be given credit for previous work. Teachers will be admitted on the basis of the grade of their teaching certificate.

4. The Normal Course is planned to accomplish *definite results in each year*, a certificate of a certain grade being awarded at the end of each year's work of the regular course. The arrangement of the course enables the student to take a short and intensive course or a continued and extensive course as fits her particular needs. Each year's work is a complete unit in itself.

5. The length of time required to complete a course for graduation depends upon the year of the course the student is prepared to enter and the way in which she does her work. The time varies from one to four years, according to the year entered and the certificate or diploma which the student desires to obtain.

6. This school offers complete courses in the Industrial Branches in addition to the regular Normal Branches. Special courses and unusually fine facilities are offered for preparation to teach, or supervise, these special subjects.

7. Special attention is paid to, and special facilities are provided for, training for work in *rural schools*.

8. Location unsurpassed for healthfulness. Extensive grounds. Entire scheme for the complete school plant has been planned in the beginning.

9. Everything new and up-to-date. Being a new school, it is bound by no traditions, and being unbiased by

questions of the past, it can be made to fit our own time and the conditions and needs of the present.

10. *No tuition charged to intending teachers. Text-books may be bought at minimum charges. Board at cost. All expenses thus made very low.*

11. Opportunity will be offered, as far as possible, for worthy students to "work their way through school."

12. Large faculty of specialists.

SUMMARY OF ENTRANCE, LENGTH OF COURSES, ETC.

1. A graduate of a *two-year* high school may enter the First Year of the Regular Normal Course. At the end of the Second Year's work she may receive the First Grade Certificate, and by continuing one more year she may receive the Professional Certificate, and with still another year's work the Full Diploma. In special cases, the applicant may, upon the approval of the faculty, take the Second Year of this course before the First Year, receiving at the end of one year's work a First Grade Certificate of *two* years duration. This is fully explained in notes following the schedule of the First Year's course, on a preceding page.

2. A graduate of a *three-year* high school may enter the Second Year of the Regular Normal Course. At the end of one year's work she may receive the First Grade Certificate, and by continuing one more year she may receive the Professional Certificate, and with still another year's work the Full Diploma. Graduates of three-year high schools will be admitted to the special courses in Household Arts, Manual Arts and Kindergarten Training, for the coming session, but the requirement will probably be raised to four years of high school work in the near future.

3. A graduate of a *four-year* high school may enter the Professional Course for Four-Year High School Graduates (First Year), and at the end of two years receive the Full Diploma. In certain cases where such students can remain only one year at the school they may be awarded the Professional Certificate at the end of one year's work, by special action of the faculty.

4. Applicants who have completed the *Training-Class* course at a Normal High School will be admitted in accordance with the above, the year of normal training work counting as a year of high school work; but if the normal

work is of a quality and quantity approved by the faculty some additional credit may be allowed for it, in which case the student may substitute other work for certain of the required courses.

5. Applicants coming from *schools other than public high schools* will be given credit for the work they have completed, the faculty deciding the amount of credit to be allowed in each case.

6. *Teachers holding Certificates* from the State Board of Examiners may be admitted on the basis of the grade of the certificate, as stated under the course schedules on preceding pages.

7. *Exceptions to the entrance requirements* will be made in the Spring and Summer quarters in the cases of students preparing for the State Examinations. These students are allowed to enter any classes for which they are prepared. Exceptions may also be made in the case of mature persons, who have not had the advantages of high school work, and who do not find it possible or advisable to enter a high school. Such persons should write for information as to the conditions on which they may be admitted.

SUGGESTIONS TO PROSPECTIVE STUDENTS

1. *Read the Catalogue carefully*, also all other bulletins sent you from the school. Do not hesitate to ask questions. For all information, for copies of the bulletins, for application blanks, etc., write to the President of the Normal School, Harrisonburg, Virginia.

2. It is always best to begin at the opening of a quarter, and at the opening of the *first* quarter, in September, as far as possible.

3. You should not come unless you intend to do thorough, earnest and conscientious work, and be subject to the regulations of the school.

4. *Fill out application blank.* Write to the President of the school for one. This blank also contains an application for room in the dormitories. After filling out the blank, *mail it to the President of the school at once.* If you do not get a prompt reply, write again.

5. *Engage your room early*, if you desire to live in the dormitories. *Rooms may be engaged now.*

6. *The school session begins Tuesday, September 27, 1910. Be sure to arrive in Harrisonburg not later than the afternoon of this day, if possible, and the afternoon of the preceding day is better.* Students who have engaged rooms must not expect them to be held for them later than the afternoon of Tuesday, September 27th, except in very special cases by previous arrangement.

The first meal served in the dormitory will be supper Monday, September 26th.

7. Notice on the railroad map, included here, how to reach Harrisonburg from the different sections of the state. If you cannot come on any of the trains mentioned in the following tables, be sure to write to the President in advance and tell him by what train you are coming.

8. *Write to the President of the school two or three days in advance of your leaving home, stating the day and hour that you*

expect to arrive in Harrisonburg. A representative of the school will meet all trains arriving on Monday and Tuesday, September 26th and 27th.

9. Bring your old text-books for reference, also any other books that you think may help you.

10. Students making application for rooms in the dormitories will be sent tags for use in labeling their trunks. *All baggage should be clearly marked with the name of the owner and checked through to Harrisonburg, if possible. Students should retain their railroad baggage-checks and bring them to the President's office immediately on arrival.* This will avoid trouble, save time and money, as the school wagon will transfer all baggage.

11. *Immediately on arrival in Harrisonburg come to the office of the President in the Normal School building. All necessary arrangements are to be made there.*

12. Be prepared to pay one month's board in advance at the time of enrolment, also the charge for text-books and any laboratory fees which may be due.

13. *Be present the first day of the school session.*

14. Do not be anxious to enter advanced classes for which you are not fully prepared. Remember that the instructors have no desire to keep you back except for your own good. It is to the advantage of the school to graduate as many as possible, and you will be allowed to enter classes just as advanced as you are prepared to enter and do thorough work.

15. Have your mail addressed "care of the Normal School, Harrisonburg, Virginia."

16. The rooms in the dormitories and boarding-places in the town will be completely furnished, but students may add anything they like in order to make their rooms more attractive. A few well-chosen pictures, a dresser cover, etc., would be very helpful. Table napkins should be brought for use in the dining-room, and a clothes bag for sending clothes to the laundry.

17. Each student should be provided with at least one white dress, and should not forget an umbrella and a pair of over-shoes. All clothing should be clearly marked, with the student's name in indelible ink, before sending to the laundry.

18. If you desire an education and are willing to work for it, but are afraid that you have not sufficient means to pay your way, write to the President and explain the situation fully. Do not expect too much, but be assured that everything possible will be done to help you find a way to continue your course to completion.
