

State Normal School for Women

HARRISONBURG, VIRGINIA

SUPERVISOR OF TRAINING

April 5, 1918

My dear Mr. Burruss,

Your letter informing me of the increase in my salary for next year is very helpful, not alone from a financial point, but because ^{of} the recognition you accord to the work I have done. To me that is more important.

I shall give you before the end of the session a complete report of the Training-School for the past two years as you may find it valuable later.

Again thanking you for your recognition of my work,

I am

Very sincerely yours,

Rachel Elizabeth Gregg
