My dear Mr. Burrows -

I want to thank
you for the letter which
I found waiting for
me in Baltimore
last week -

My friend Congressman
Small, had been kind

enough to secure for
me a position in the
Food Administration,
which I think I shall
like - and I am posit-
ive enough to have a
big sunny room in
George town -

I am not quite as strong
as I think I was -

but I go right to bed after
they work every night - and
am sure that I shall soon
feel fit. Operations leave
one so much more exhausted
than illness do.

With best wishes to all my
friends in Harrisburg -
and particularly to you
and Mrs. Burrus.

I am as ever

Yours very cordially
Margaret G. King -
